

# Roof products

SEALING - REPAIRING - RENOVATE - PROTECTING

**DL**

Since 1936

**CHEMICALS**

Manufacturer of Sealants

## Paraphalt Liquid

Semi-liquid coating for waterproofing and renovation of roofs and guttering. Sealing, protection, renovation and maintenance of roofing, zinc, asbestos cement and corrugated plates.

**Packing:** 1 kg, 5 kg, 10 kg & 25 kg  
**Colour:** black

## Paraphalt Reflex

Liquid bitumen paint with aluminium particles which form a reflective silver-coloured, UV-resistant topcoat. Protects against accelerated ageing, corrosion and slows moss formation. Forms a thermal shield and stops the formation of cracks in the roofing.

**Packing:** 1 kg, 5 kg, 10 kg & 25 kg  
**Colour:** silver

## Paraphalt Cold Glue

Supple, bituminous, fiber-reinforced adhesive for fixing bituminous roof rolls without fire danger or as an adhesive layer for fixing slate chippings or gravel to existing bituminous roof sealing. Forms also a waterproof intermediate layer.

**Packing:** 5 kg  
**Colour:** black

## Paraphalt Bitumen

Plasto-elastic sealant reinforced by fibers, for gluing and reparations on bituminous surfaces. Waterproof sealing of joints, seams, rooftop fences, skylights, chimneys, ventilation tubes, drainpipes...

**Packing:** 25 x 310 ml & can 6 kg  
**Colour:** black

## Paraphalt Super

Professional adhesive and sealant that adheres to virtually any construction material, including moist surfaces and even under water. It forms a smooth and tight layer whilst remaining flexible.

**Packing:** 25 x 310 ml  
**Colour:** black

## Paraphalt Butyl

Synthetic rubber-based sealant for indoors and out. Adheres to nearly all surfaces without primer. Can be used on wet surfaces if they are slippery. Seals everywhere in and on the house. For expansion and connection joints.

**Packing:** 25 x 310 ml.  
On demand min. 2560 pc  
**Colour:** white - grey - black

## Paraphalt Primer

Adhesive layer for the application of roofing or bituminous renovation products. Considerably improves the adhesion between the base surface and the material to be applied. Fixates dusty and absorbent surfaces. Drying time: +/- 3 h

**Packing:** 5 kg & 10 kg  
**Colour:** black

## Paraphalt High Tack

Modified, bituminous adhesive paste. Permanently elastic. For gluing in dots or stripes of PU insulation material or bituminous roof rolls without burnaway foil on old membranes.

**Packing:** 15 kg  
On demand  
**Colour:** black

## Paraphalt Flex Seal

Paraphalt Flex Seal is a universal, waterproofing adhesive sealant and seamless coating for a wide range of projects and nearly all surfaces. Furthermore it is an environmentally safe product.

**Packing:** 1 kg, 5 kg & 10 kg  
**Colour:** black after curing

## Parasilico EPDM\*

Neutral silicone sealant suitable for the bonding, finishing and sealing of EPDM\*. Has an adhesive strength on the majority of materials such as concrete, bricks, aluminium, steel...

\*Due to the wide variety of EPDM sheets available a preliminary compatibility test is necessary.

**Packing:** 25 x 310 ml & 20 x 600 ml  
**Colour:** black

## Paraband BT

Very strong, air- and watertight, cold gluing seal band based on butyl and alu. Is used between parts of heavy constructions or curtain walls and heavy constructions. Also appropriate for chimney coating, roof-combs, and porches.

**Packing:** 50, 75, 100, 150, 200, 300 - 0,6 mm x 10 m
